We require you to stay in Istanbul for two nights only.

The first day is your arrival. And due to the time difference (GMT+2 or GMT+3 you can check the time in Istanbul here, on the first day, patients spend the rest of the day at their hotel and relax.

The second day is your operation day. And before the operation starts, you will have your face-to-face consultation with your surgeon, and **we strongly recommend you to ask all your questions at that stage.**

The third day is for the aftercare session and discharge.

You can book your return flight on that day any time after 1pm, local time.
